Department of Homeland Security Alert

The US is in a general enhanced threat environment. This applies to us in California, as well. The concern is about homegrown violent extremists who could strike with little or no notice as happened in Orlando.

- · increased public vigilance and awareness is required.
- · If you see something say something.
- To report suspicious activity, contact your local law enforcement agency.
- · Please click on the below link for additional information.

Phase II Activation of the Heat Contingency Plan

Phase II of the Heat Contingency Plan will be activated from Sunday, 06/19/16 – Tuesday, 06/21/16. Due to forecasts of dangerous and excessive heat.

- Per the National Weather Service (NWS):
 - High Confidence in this being a top 5 heat event in history, especially for desert areas and high desert areas.
 - High confidence that the event will impact the central valley from Fresno south and Southern California.
 - Medium confidence that coastal areas could reach historic high temperatures.
 - NWS San Diego has already spoken to San Bernardino, Riverside, Imperial, and Orange Counties. All counties are elevating their Heat Plan Levels.
 - NWS San Diego will conduct a conference call with these counties 06/16/16.
- A State Agency conference call facilitated by Cal OES will be conducted at 1100 hours Friday, 06/17/16.
- The Emergency Services Coordinator (ESC) Territory Representatives for the Cal OES Southern Region Operational Areas (OA's) are reaching out to identify any special measures the counties may be taking in response to the excessive heat event.

Heat Impact Levels

More Information

Heat affects everyone differently. In order to better address heat risk and to provide a daily service with regard to preparing for heat events, the NWS has developed the experimental Heat Impacts Levels (HIL). The HIL is a forecast product which provides a quick view of heat risk potential over the upcoming seven days. The heat risk is portrayed in a numeric (0-4) and color (green/yellow/orange/red/magenta) scale which is similar in approach to the Air Quality Index (AQI) or the UV Index. In this way, it provides one value each day that indicates the approximate level of heat risk concern for any location along with identifying the groups who are most at risk. This product is supplementary to the official heat watch/warning/advisory program and is meant to provide continuously available heat risk guidance for those decision makers and heat sensitive populations @ who need to take actions at levels that may be below current heat product levels.

Category	Level	Meaning
		No Elevated Risk
Yellow	1	Low Risk for those extremely sensitive to heat
Orange	2	Moderate Risk for those who are sensitive to heat
Red	3	High Risk for much of the population, especially those who are heat sensitive and those without effective cooling
Magenta		Very High Risk for entire population due to long duration heat, with little to no relief overnight

California Department of Public Health Zika Virus Disease Update

The Medical and Health Coordination Center (MHCC) continues to be activated in response to the Zika Virus Disease (Zika) in order to aggregate and update information from a variety of sources and coordinate response activities across the California Department of Public Health (CDPH).

- CDPH centers and programs are providing information related to their specific activities on a weekly basis. This information is being collected and included in a weekly Public Health and Medical Emergency Function (EF) 08 Situation Report released by the MHCC. The MHCC is managing requests for information from the public, healthcare facilities, and Local Health Departments (LHDs) to ensure responses are timely and accurate.
- Zika is transmitted to people primarily through the bite of an infected *Aedes Aegyptus* mosquito (also known as yellow fever mosquitoes) and *Aedes Albopictus* mosquito (also known as Asian tiger mosquitoes), which are not native to California. Today, more than 60 countries have documented Zika Virus transmission, with over 40 reporting their first outbreak within recent months. The most common symptoms of Zika Virus are fever, rash, joint pain, and conjunctivitis (red eyes). The illness is usually mild with symptoms lasting for several days to a week after being bitten by an infected mosquito. People do not consistently get sick enough to go to a hospital, and rarely die from Zika Virus. For this reason, many people might not realize they have been infected. However, Zika Virus infection during pregnancy can cause a serious birth defect called microcephaly, as well as other severe fetal brain defects.
- The Centers for Disease Control and Prevention, (CDC), CDPH, Emergency Medical Services Authority (EMSA), California Governor's Office of Emergency Services (Cal OES), State level EF 08 partners, are preparing for the management of Zika cases in California. Reporting of select notifiable diseases is mandated by State law in California through *Title 17 California Code of Regulations* and Zika Virus is now a notifiable disease that must be reported.
- CDPH is working with the healthcare community and local health jurisdictions to identify potential suspect cases and avoid spread of the
 disease. New and updated guidelines released by CDC are posted on the CDPH website available at:
 (http://www.cdph.ca.gov/HealthInfo/discond/Pages/Zika.aspx). CDPH and local health jurisdictions are monitoring the situation closely to keep
 the public safe.
- EMSA and the EMSA Duty Officer Program are monitoring the situation to remain in communication with the Regional Disaster Medical Health Specialists (RDMHS) and Medical Health Operational Area Coordinator (MHOAC) Programs.
- Please see attached for full report.

NSTR

Cal OES Southern Region

Fire, Gemini Plastic Enterprises, Maywood, Los Angeles County

On 06/14/16 at 0230 hours a magnesium fire occurred at Gemini Plastic Enterprises in Maywood, Los Angeles County.

- Los Angeles County Fire Department (LA County FD) responded to the incident, which was located in the 3500 block of Fruitland Ave.
- The Cal OES Fire Duty Officer (FDO), Cal OES Law Duty Officer (LDO), Cal OES Southern Region Duty Officer (SDO), and Los Angeles County Duty Officer will continue to monitor this event and provide updates as warranted.
- There have been no requests for state assistance.

Fire Information

Per the Cal OES FDO:

- As of 06/15/16 at 1543 hours the Incident Command has called knockdown of the fire.
- There is no smoke and no injuries have been reported.
- Health hazmat and AQMD will be conducting a sample test of the homes and around the homes before allowing residents to return.

Evacuations

Per the Cal OES LDO:

- 12 residences that were evacuated have now been "red tagged" and deemed uninhabitable.
- LASO personnel advise that mandatory evacuations have been ordered by the LA County Fire Department for 12 residences on the North Side of 52nd Street.
- The residents of those homes have all left willingly.
- · There is no time estimate on when evacuations will be lifted.

Cal OES Southern Region

Fire, Gemini Plastic Enterprises, Maywood, Los Angeles County

Shelters

- Per the Cal OES Southern Region Duty Officer (SDO):
 - The American Red Cross (ARC) opened a shelter at the Maywood Recreation Center; located at 4801 E. 58th St. 90270.
 - · A standby shelter has been identified as Maywood High School; if clients exceed 200 at Maywood Recreation Center
 - As of 06/15/16: The California Department of Social Services (CDSS) is reporting the following shelter information from the ARC National Shelter System: Midnight Shelter Count 86.
 - There are no identified residents with Access and Functional Needs (AFN). ARC will immediately address any issues as they arise.

Environmental Impacts

• The Air Quality Management District (AQMD) and County Public Health are on site, monitoring the air. No specific harmful gases have been released aside from typical combustion products from smoke.

Utilities

• As of 06/15/16 at 1930 hours, per Southern California Edison (SCE) the power to all affected residents was restored.

Sherpa Incident, Santa Barbara County

Location: Los Padres National Forest

Jurisdiction: FRA

Start Time: 06/15/16 at 1530 hours

Per Cal OES Fire Duty Officer and CAL FIRE as of 06/16/16 at 0601 hours:

1,250 Acres, 0% Contained

- Unified Command with LPF, SBC, CALFIRE and State Parks.
- Type 2 IMT (Mills) assigned .

Fire Information

Per the Cal OES FDO:

- ICP is located at Refugio State Beach Park. Base camp located at Dos Pueblos High School.
- Values at risk: Los Flores Exxon Oil Facility, Structures near fire line (approximately 100), El Capitan and Refugio State Parks.
- Cal OES Fire Branch Assistant Chief has been assigned to this incident as an Agency Representative.

Activations

Per Cal OES SDO:

- The Southern Region Emergency Operations Center (REOC) will activate at Level 2 at 0800 hours today, 06/16/16.
- Santa Barbara Operational Area (OA) Emergency Operations Center (EOC) activated to Level 2 at 2237 hours on 6/15/16.
- A Cal OES Agency Rep has responded to the Santa Barbara County EOC.

FIRE ACTIVITY

Sherpa Incident, Santa Barbara County

Evacuations

Per the Cal OES LDO:

- A mandatory evacuation went out to approximately 200 phone numbers. They estimate that to be 50-100 actual homes. The area is composed of large ranches and is sparsely populated.
- Mandatory evacuations are in effect at Refugio Canyon, Las Flores Canyon, which includes the Las Flores Canyon refinery, and Venadito Canyon.
- El Capitan Canyon and El Capitan State Beach are under an evacuation warning.

Road Closures

- · Per Caltrans:
 - At approximately 2342 hours on 06/15/16 United States Route 101 was closed from 5.7 miles north of the junction of State Route 217 /at Winchester Canyon Rd to Mariposa Reina in Gaviota. The route has not reopened.

Shelters

Per the Cal OES Southern Region Duty Officer (SDO):

- The Red Cross opened a shelter at the Wake Center, 300 N. Turnpike Road, Santa Barbara 93111.
- Due to the closure of US 101 two additional shelters were opened.
 - South Shelter Wake Center, 300 N. Turnpike Road, Santa Barbara.
 - North Shelter Santa Ynez Valley Union High School, 2975 E Highway 246 Santa Ynez.

FIRE ACTIVITY

Pony, Vegetation Fire, Siskiyou County

Location: Klamath National Forest, Happy Camp

Jurisdiction: Federal DPA, FRA

Start Date / Time of Event: 06/07/16 at 1109 hours

Per Cal OES Fire Duty Officer and CAL FIRE as of 06/16/16 at 0601 hours:

- 2,706 Acres, 20% Contained
- · Steep terrain with extremely difficult access.
- · Fire behavior remains active in brush and timber.
- · Previous burn area has created extreme snag hazard.
- · Cal OES Fire Branch Assistant Chief has been released from the incident.

WEATHER OF CONCERN

Weather of Concern

• An Excessive Heat Watch is in effect from Sunday morning on 06/19/16 through Wednesday evening on 06/22/16 for portions of Southern California.

Active Weather Warnings, Watches and Advisories by County:

http://www.wrh.noaa.gov/sto/brief/wwa_bc_cal.php

WEATHER SYNOPSIS BY REGION

NORTHERN CALIFORNIA

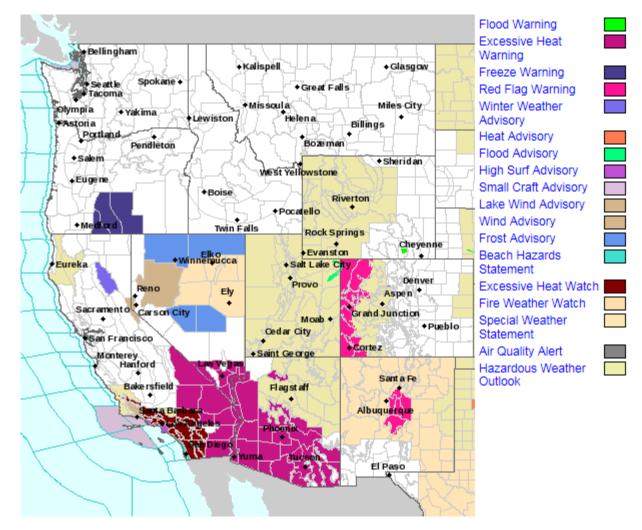

Afternoon high temperatures will be 15-20 degrees below normal through Friday. RH will be high enough elsewhere where it gets a bit windy so those areas will be of lesser fire potential concern. Any thunderstorms that might occur over the next few days will be isolated and wet. High pressure will quickly spread north across California from out of the desert southwest over the weekend with a very rapid return to much warmer, drier conditions that will last into next week. Triple digit heat is expected to develop for the warmer inland areas early next week with potential for the warmest inland locations to see highs around 108. RH will become low with many areas seeing overnight RH recovery only in the 30-45% range and afternoon values of 10-15% fairly widespread. Thunderstorms early next week appear unlikely at this time, but that situation will be watched closely.

SOUTHERN CALIFORNIA

A trough will remain parked off the coast through Friday which will keep the weather breezy and relatively cool through the end of the work week. Local north winds of 15-25 mph can be expected in Santa Barbara County this morning. Additionally, west afternoon winds of 20-30 mph will develop today in the Kern County Mountains, the Antelope Valley and the Banning Pass. Finally, gusty winds up to 50 mph will occur in the upper elevations of the Sierras and the Inyo National Forest for the next couple of days. Temperatures will remain 3-5 degrees below normal today with highs in the 60s-70s along the coast to the lower 80s in the valleys. This weekend, a strong high pressure ridge over the Southwest will edge closer to the region. This will result in a dramatic warmup Saturday with temperatures climbing 10-15 degrees under strong sunshine. By Monday – the height of the heatwave – widespread 100 degree readings can be expected. Highs on Monday will likely be 105-113 in the valleys and lower foothills and up to 120 in the desert. Minimum RH will likely drop into the single digits. Northerly pressure gradients may develop which could generate some locally breezy conditions in Santa Barbara County, the I-5 Corridor, San Fernando Valley and the Cajon Pass Sunday afternoon into Monday. The hot, dry weather will last through the middle of next week before temperatures moderate slightly by next Wednesday or Thursday. No precipitation is expected through the period.

WEATHER MAP

CAL OES LAW ENFORCEMENT MISSIONS

Ongoing Cal OES LAW Missions

- 2016-LAW-24270, 6/10/2016, 1409 hours: Placer County Sheriffs' Office (PCSO) has requested a vessel with Side Scan Sonar capability to locate a drowning victim in Lake Tahoe with a search commitment of 2-3 days. A UNR college student went missing Friday afternoon while paddle boarding with a group of friends on the lake, with a water temperature of 48 degrees. Defined search area is offshore from Obexers Marina (Homewood), Lake Tahoe in depths between 115-200 feet. LDO is coordinating to secure this specialized equipment for PCSO with specific search dates to be determined. UPDATE as of 1840 Hours 6/13/2016: LDO has secured Ralston & Associates for this mission, they will be arriving at on 6/15/16, Wednesday afternoon. Placer County SO will assist with having their vessel inspected and securing it at the Obexers Marina, Homewood CA. The Ralston's will be providing side scan sonar capability utilizing a 900 foot tethered tow fish unit and an ROV capable of recovering victims down to depths of 500 feet. LDO is coordinating with several other LE agencies to provide backup support for this search. It has been determined the drowning victim may be as deep as 300 feet. Mission Ongoing.
- 2016-LAW-24130, 6/10/2016, 0807 hours: Sgt. Storme, Butte County Sheriff Office (BCSO) is requesting additional resources to an existing mission to locate a missing drowning victim in Lake Oroville. BCSO has requested three water certified Human Remains Detection (H2O HRD K9) with tech support for tomorrow, 6/11/16, at 0800 hours at Lime Saddle Marina on Lake Oroville. Cal OES K9 Coordinator, Dr. Ben Ho, was able to secure 1 water certified HRD K9 to support the mission. Update 6/12/16 HRD K9 team has been released from the lake. Update: 6/14/16 LDO was able to secure Ralston & Associates for this mission once they have completed the Lake Tahoe search. Butte County SO will assist with having their vessel inspected and secured. The Ralston's will be providing side scan sonar capability utilizing a 900 foot tethered tow fish unit and an ROV capable of recovering victims down to depths of 500 feet. Search date is TBD. Mission Re-Opened.

Emergency Management Assistance Compact

Emergency Management Assistance Compact (EMAC)

In response to the City of Cleveland's request, Cal OES is coordinating the deployment of California Highway Patrol Officers to provide support during the Republican National Convention scheduled for 07/2016.

CAL OES MISSIONS

Ongoing Cal OES Missions

- 2016-Cal OES-21764 (EF-8): Waterman Incident. Environmental Health Specialist to serve as a Food Inspector. This mission is expected to be open until June. Mission Duration: Through 06/30/16. **Mission Ongoing.**
- 2016-IREOC-21748: Tasking Cal Trans to extend state highway right of way to facilitate hazard tree removal. This is a long term mission and is expected to remain in place through the summer months. **Mission Ongoing.**
- 2016-Cal OES-20822 (EF-8): Waterman Incident. Four Crisis Clinical Psychologists/Counselors to provide in-home and workplace trauma counseling, coping, and referrals with expertise in mass shootings/terrorism. Mission Duration: Through 06/30/16. Mission Ongoing.
- 2016-Cal OES-20816 (EF-8): Waterman Incident. One Mental Health Services Coordinator to assess short and long term needs, plan and implement intervention counseling strategies focusing on Post Traumatic Stress Disorder with staff, families, and others impacted. Mission Duration: Through 06/30/16. Mission Ongoing.
- **2016-Cal OES-20652** (EF-10): Waterman Incident. Registered Environmental Health Specialist for Solid waste position from CDPH. Mission Duration: Through 06/30/16. **Mission Ongoing.**
- 2015-Cal OES-20498 (EF-8): Waterman Incident. Vector control specialist, and an Environmental Scientist for medical waste management. Mission Duration: Through 06/30/16. **Mission Ongoing.**
- 2015-Cal OES-20441: Waterman Incident. Chief of Environmental Health Services replacement position at the San Bernardino County Department of Public Health in San Bernardino. Mission Duration: Through 06/30/16. Mission Ongoing.
- 2015-IREOC-19846: One RAWS weather station to Amador OA On scene 11/30/15, expected to be left in place until late spring. Mission Ongoing.

Cal OES 2016 DROUGHT

The SOC remains activated in support of the Drought State of Emergency and continues to monitor the situation.

Current Local Emergency Proclamations:

A total of **57** local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:

- 25 Counties: Colusa, Calaveras, El Dorado, Fresno, Glenn, Inyo, Kern, Kings, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Stanislaus, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- 10 Cities: City of Live Oak (Sutter County), City of Lodi (San Joaquin County), City of Manteca (San Joaquin County), City of Montague (Siskiyou County), City of Porterville (Tulare County), City of Portola (Plumas County), City of Ripon (San Joaquin County), City of Rancho Cucamonga (San Bernardino County) City of West Sacramento (Yolo County), and City of Fort Bragg (Mendocino County).
- 10 Tribes: Cortina Indian Rancheria (Colusa County), Hoopa Valley Tribe (Humboldt County), Karuk Tribe (Siskiyou/Humboldt Counties), Kashia Band of Pomo Indians of the Stewarts Point Rancheria (Sonoma County), Picayune Rancheria of Chukchansi Indians (Madera County) Sherwood Valley Pomo Indian Tribe (Mendocino County), Tolowa Dee-ni' Nation (Del Norte), Tule River Indian Tribe (Tulare County), Yocha Dehe Wintun Nation (Yolo County), and Yurok Tribe (Humboldt County).
- 12 Special Districts: Carpinteria Valley Water District (Santa Barbara County), Goleta Water District (Santa Barbara County),
 Groveland Community Services District (Tuolumne County), Lake Don Pedro Community Services District (Mariposa Stanislaus
 County), Mariposa Public Utility District (Mariposa County), Meiners Oaks Water District (Ventura County), Montecito Water
 District (Santa Barbara County), Mountain House Community Service District (San Joaquin County), Nevada Irrigation District
 (Nevada County), Placer County Water Agency (Placer County), Tuolumne Utilities District (Tuolumne County), and Twain Harte
 Community Services District (Tuolumne County).

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
